

Admission to Whizz-Kids Global Academy

Admission is determined by our ability to meet each student's unique educational needs through our tailored Montessori program. Enrollment is available throughout the year, subject to available spaces within levels and classes.

Registration Procedure

Step 1: Schedule a Tour and Meeting

Parents/guardians are required to meet with our Admission Officer for a tour of the school and an overview of the Montessori curriculum. This meeting helps us ensure our program aligns with your child's educational needs.
